NARRATIVE:

Valerie Estrada has an extensive adult criminal history that began at the age of 22. Her convictions include cruelty to a child, battery, vehicle theft, multiple cases of being under the influence of PCP, several cases of possession of PCP, vandalism and petty theft. She has served multiple state prison terms, the longest being a 4 year term for cruelty to a child. Estrada was released from state prison to the supervision of the Los Angeles County Probation Department on August 9, 2015. Under the Governor's Public Safety Realignment Act of 2011, better known as Assembly Bill 109 (AB 109) the responsibility of lower-level offenders was shifted from the State to Los Angeles County. She subsequently failed to report to her probation officer and an arrest warrant was issued in July 2016 after she absconded from post release community supervision (PRCS). Estrada qualified to be released to the supervision of probation, under AB 109, because her current commitment offense for cruelty to a child is defined as non-serious and non-violent under the California penal code. Her criminal history and current failure to comply with the terms of release make her a most wanted. If you know her whereabouts please contact...
